Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 24 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Early rain soon clearing to leave a bright day.

Today:
Any lingering light rain will soon clear to the southeast during the morning, leaving a dry and bright day with plenty of sunny spells. Winds will gradually strengthen along western coasts. Maximum temperature 12 deg C (54 deg F).

Tonight:
Remain largely dry during the early evening but cloud will build from the west giving some outbreaks of rain overnight. Minimum temperature 7 deg C (45 deg F).

Thursday:
A mixture of sunshine and blustery showers on Thursday. These mostly confined to the north with the risk of hail and thunder at times. Winds turning stronger by evening. Maximum temperature 14 deg C (57 deg F).

Outlook for Friday to Sunday:
Blustery showers on Friday with strong winds and feeling colder. Showers could turn wintry over hills. Drier on Saturday but remaining windy. Further outbreaks of rain early Sunday.
